

BURN FAT NOT FUEL

WHY CYCLE?

You'll be happier
It's free therapy for the blues.

You'll look good
It's a natural fat burner.

You'll be a superhero
By burning fat and not fossil fuels,
you will help save the planet.

But wait, there's more...
Think **no parking problems,**
no stress!

UCT is committed to supporting non-motorised transport to reduce traffic congestion, carbon emissions, local pollution and to promote a healthy lifestyle.

JAMMIE BIKE PILOT PROJECT

What? 200 21-speed mountain bicycles for rent at R1800 each, of which R800 is refundable.
