

MISSION STATEMENT

UCT aspires to become a premier academic meeting point between South Africa, the rest of Africa and the world. Taking advantage of expanding global networks and our distinct vantage point in Africa, we are committed through innovative research and scholarship, to grapple with the key issues of our natural and social worlds. We aim to produce graduates whose qualifications are internationally recognised and locally applicable, underpinned by values of engaged citizenship and social justice. UCT will promote diversity and transformation within our institution and beyond, including growing the next generation of academics.

Foundation statement underpinning the mission statement

Our research-led identity is shaped by a commitment to:

- academic freedom as the prerequisite to fostering intellectual debate and free inquiry;
- ensuring that research informs all our activities including teaching, learning and service in the community;
- advancing and disseminating knowledge that addresses the key challenges facing society – South African, continental and global;
- protecting “curiosity driven” research;
- nurturing and valuing creativity in the sciences and arts including the performing and creative arts;
- stimulating international linkages of researchers and research groupings;

We strive to provide a superior, quality educational experience for undergraduate and postgraduate students through:

- providing an intellectually and socially stimulating environment;
- inspired and dedicated teaching and learning;
- exposure to the excitement of creating new knowledge;
- stimulating the love of life-long learning;
- the cultivation of competencies for global citizenship;
- supporting programmes that stimulate the social consciousness of students;
- offering access to courses outside the conventional curricula;
- attracting a culturally and internationally diverse community of scholars;
- guaranteeing internationally competitive qualifications;
- offering a rich array of social, cultural, sporting and leadership opportunities;
- providing an enabling physical and operational environment.

In advancing UCT as an Afropolitan university, we will

- expand our expertise on Africa and offer it to the world;
- extend our networks on the continent, along with our global connections and partnerships;
- promote student and staff exchanges and collaborative research and postgraduate programmes;
- engage critically with Africa’s intellectuals and world views in teaching and research;
- contribute to strengthening higher education on our continent.

We strive to provide an environment for our diverse student and staff community that:

- promotes a more equitable and non-racial society;
- supports redress in regard to past injustices;
- is affirming and inclusive of all staff and promotes diversity in demographics, skills and backgrounds;
- offers individual development opportunities to all staff;
- is welcoming as a meeting space for scholars from Africa and around the world.

The University has limited funds for assisting students to finance their university studies. We are therefore grateful to those donors who give money to the University for this purpose and to those who provide their own financial aid programmes

The University has made every effort to ensure the accuracy of the information in its handbooks. However, we reserve the right at any time, if circumstances dictate, to (i) make alterations or changes to any of the published details of the opportunities on offer; or (ii) add to or withdraw any of the opportunities on offer. Our students are given every assurance that changes to opportunities will only be made under compelling circumstances and students will be fully informed as soon as possible

BURSARY AND SCHOLARSHIP PROGRAMMES

FINANCIAL ASSISTANCE

Applicants wishing to be considered for UCT financial assistance need to complete the relevant forms in the UCT Application for Admission to study pack or follow the On-line Application process.

The University provides a well rounded financial aid system to those that meet the qualifying criteria for financial assistance. The Student Financial Aid website (www.uct.ac.za/apply/funding/undergraduate/financial/) provides comprehensive details on the financial aid programme. In short, UCT provides a non-repayable bursary and a repayable National Student Financial Aid Scheme loan to those that qualify. Eligibility for financial aid is based on the following criteria:

1. You must be in financial need as determined by the national means test eligibility assessment
2. You must be a South African citizen or a permanent resident
3. You must be applying for your first approved course of study
4. Not have been placed under Administrative Order

Applicants who do not apply by the closing date will not be considered and will be required to submit an appeal for financial assistance. Students currently studying at UCT can collect forms from the Student Financial Aid Office from May.

BURSARIES

This handbook provides applicants and students with information on donors that are offering bursaries and or loan assistance. These must be applied for as indicated.

Students should regularly consult Faculty notice boards and the Student Financial Aid website for information on any other donors that may be offering assistance. Depending on when these become available, they may not necessarily be advertised in this booklet.

There are numerous scholarships that are administered by the University each with their own special conditions. The types of scholarships available are:

4. ***Entrance Scholarships***: The University has established a number of Entrance Scholarships. These are awarded to new first year students. Each of these scholarships will have specific conditions and criteria. No application is required for these scholarships as applicants will automatically be considered should they meet the conditions of the scholarship.
5. ***Named Entrance Scholarships***: The University has a number of named entrance scholarships. Each has specific conditions which may be certain matriculation subjects, courses of study or home town. No application is required for these scholarships as applicants will automatically be considered should they meet the conditions of the scholarship.

7. ***Sports Scholarships***: The University has established a number of sports scholarships, which are available to new first year students who have represented their country at national school level. To apply, send your sports C.V. and a list of references to: The Manager, Sports and Recreation, Department of Student Affairs, University of Cape Town, Private Bag X3, Rondebosch, 7701, by 30 September of the year before you intend to study at UCT.

4 UNDERGRADUATE AWARDS

PROGRESS REPORTS AND RESULTS REQUIRED BY EXTERNAL DONORS AND SCHOLARSHIP/ BURSARY GRANTING AGENCIES

If you hold an outside award, where the donor requires the University to submit an academic progress report or your final results for the year, you must complete the relevant section on your Registration Form when you register each year. It is important to fill in the full name and address of the donor. If you are awarded an outside bursary or scholarship after registration, you must advise the Student Fees Office, Kramer Law Building before mid-May of the name and address to which a progress report should be sent. It is your responsibility to ensure that your donor obtains your progress reports or results. If you forget, your award may not be renewed.

UNDERGRADUATE AWARDS

The University administers a large number of awards, many of which have been established through the generosity of past and present donors.

SCHOLARSHIP DONORS

As a tribute to them and for your interest, we list Undergraduate Scholarships and Bursaries by name. If you are found eligible, your particulars will automatically be matched to the conditions of each vacant award. Exceptions which require specific application forms are indicated with an asterisk. Their closing dates and conditions are publicised on notice boards in the academic and residence buildings.

UCT FINANCIAL AID DONORS

The University would like to thank the following donors listed for their continued support for financially needy students. The University allocates significant funds on an annual basis for bursary funding for financially needy students; however, the demand is far greater than the funds available. With the generous donations of these donors, it has been possible to assist more students than would otherwise have been possible.
